Little John Byron Price III, reached the first milestone, sturdy, fat, smiling and in a most promising condition. He is being nurtured according to the new methods set forth by the teaching of the latest scientific investigators of the subject of child-rearing. He sleeps out of doors, and has from his earliest infancy, he is given a daily portion of orange juice, and he is weighed regularly—has, in fact, all the well-directed attention that the modern parents bestow upon their children.

"Yes," was the good natured answer, "we are going to be rich, I can tell you that. But it won't take the slightest difference in the way I shall treat you, my dear."

The copy was obtained from the Missouri Historical society, Madison, Wis., said to have the only copy of the paper in existence. The paper, which was edited by Carl H. Schmidt, is printed in German and gave the soldiers such news from the field that filtered through the lines. The story of the expedition from Kansas into Jasper county, Missouri, also is told in German, and many friendly jokes are pointed at members of the Tenth Kansas volunteers, encamped at Fort Scott at the same time.

Miss Francis also said that she hopes shortly to obtain a copy of the Leavenworth Dollar Weekly, a paper published by Kansas troops encamped at Leavenworth during the early Civil war period.

## IN NORTH TOPEKA

Wednesday, July 21, Children's Day at Garfield.

Sunday Services at the North Topeka Churches.

Children's day will be celebrated at Garfield park, Wednesday, July 21, when the little ones will have the use of the figure eight and merry-go-round at certain hours during the day free of charge. From ten to twelve Wednesday morning, the carousal and figure eight will carry children under sixteen years of age, free of charge.

Again in the afternoon, from two until four o'clock these two concessions will be open to the young folks.

Soldier Creek Causes Trouble. Soldier creek is again causing trouble along the lowlands west of Topeka. Near Menoken and Kiro the creek has overflowed on the north side where there is no dike and considerable damage is being done to the crops.

## Washburn College, Topeka, Kan.

For Fifty Years

The growth of Washburn College has paralleled that of Kansas. In that period Kansas has come from infancy into splendid young manhood—first in corn, first in wheat, first in ideals, first in the will to achieve and first in its choice young men and women looking eagerly forward to their day of power in the next half century.

In that same period Washburn College has grown from its infancy into an institution of first rank in the southwest. It has a choice location, a choice campus, equipped with substantial buildings and has eight hundred of these choice young men and women of Kansas for its student body.

Washburn starts on the next half century with a splendid forward movement. A plan to increase the endowment by \$500,000 has been inaugurated and is well under way. A new President has been chosen full of enthusiasm for the power of the future. Scores of young men and women are planning to enter the College in September. Will you join them and get ready to take your part in the next great forward movement of our state and country?

## IN A STEW—CAN'T SLEEP

Hundreds of Topeka's Suffer Needlessly From Nervousness

Hot Weather Interferes With Rest, But There is a Sure Remedy.

Hot weather is at last here and everybody's talking about how hot it is. Well, it IS hot, but hot weather is essential to the growth of corn, and Kansas depends much on the corn crop. Of course, hot weather is most disagreeable to our personal comfort, but there is a way to get pleasure even out of hot weather, and to keep cool and comfortable even the hottest day. That is to buy an Electric Fan.

The Edison Company is selling them at a big reduction, ranging from \$1.50 to \$5 per fan, and this is the time to buy. One fan will last for years. They cost from \$8.25 to \$19.50.

There will be plenty of hot weather yet and you can easily get double the price of the fan back in comfort before cool weather arrives.

Many have purchased fans the past week, and there were for the home, office, stores, etc. These are the sales reported: Shawnee Mills; Whitteley & Co., 2nd and Madison; Dr. H. M. Connor, Orpheum building; D. N. Holliday, 823 N. Madison; W. P. Snyder, 1189 Mulvane; Kansas Children's Home society, 923 Kansas avenue; H. L. Strohm, 431 Holliday; Carl Chandler, 1500 West 8th; J. Hundreds of people toss restlessly on their beds, rolling in perspiration, seeking vainly to sleep. It is taxing on the nervous system. For two cents an Electric Fan will sit and fan you all night while you sleep as soundly and refreshingly as in October. Buy a Fan now and be comfortable.
